

Planning a native garden

Steps for designing your home garden

Garden Design Study Group

https://anpsa.org.au/study_group/garden-design-study-group/

	<p>Your aims!</p>
	<p>1. Record the physical characteristics of your garden – new or existing</p>
	<p>2. Analyse - get to know your site and its surrounds, personally</p>
	<p>3. Plan - identify your needs and desires</p>
	<p>4. Garden design - choose a style and theme for your garden</p>
	<p>5. Plants and planting - get ready to select plants for your garden</p>
